Sustainability Policy

Sindhorn Kempinski Hotel Bangkok is committed to achieving best practices in environmental and social sustainability and has partnered with EarthCheck, the world's leading Benchmarking and Certification provider.

Nestled in the heart of Bangkok, Sindhorn Kempinski serves as a tranquil oasis amidst one of Asia's most vibrant cities. This serene garden sanctuary offers a private escape enveloped in a calming natural environment. Conveniently located near Lumpini Park, Bangkok's green corridor, the hotel features 274 beautifully appointed rooms and suites that seamlessly blend the beauty of nature with urban living. Guests can enjoy a wide range of facilities, including meeting and event spaces, a saltwater infinity swimming pool, a fully equipped fitness center, and an integrated spa, and a diverse selection of dining and beverage options for both guests and visitors.

At Sindhorn Kempinski Hotel Bangkok, we recognize that our activities can potentially impact the environment and local community if not managed effectively. Consequently, we have established an Environmental Management System that complies with the EarthCheck Company Standard.

We are committed to continuous improvement, measured through annual Benchmarking Assessments. Our team diligently works to minimize our environmental footprint by implementing sustainable initiatives aimed at enhancing the hotel's performance, as well as reducing energy and water consumption and waste production.

Sindhorn Kempinski Hotel Bangkok pledges to comply with all relevant legislation and regulations, striving to achieve international best practices. We have appointed EarthCheck Coordinators who are responsible for ensuring continuous improvement in our environmental and sustainable performance.

We place special emphasis on employing and empowering local staff, and whenever possible, we source sustainable products and services locally in alignment with Fair Trade principles.

We actively encourage our employees to communicate our commitment to environmental and social sustainability to all key stakeholders, including guests, suppliers, and contractors.
